

The Music for Healing & Transition Program™, Inc. (MHTP)

CEU Verification Form for Music Lessons

Each 1-hour lesson will be worth 0.5 CEUs for a total of 10 maximum allowable CEU's in a 4-year period. It is understood that these lessons will enhance the practice of a CMP who is already certified with instrument(s) in which the CMP is certified. The music teacher and student will set goals at the beginning of the lessons and agree to work on areas during these lessons which will further the work of the CMP at the bedside. This form is to be used as the lessons progress, describing the areas that were worked on throughout the lessons that directly apply to MHTP CEUs. Please check off the category worked on for a given lesson with the date of the lesson and initials of the teacher and student. Please include the duration of the lesson on this form. Before handing this form in for MHTP review, please add up the total CEUs and add that to the bottom of this form. Include a copy of this CEU Verification Form for Music Lessons to MHTP when sending in all 40 completed CEUs for the four-year period. Choose the categories that the student would like to focus on throughout the lessons. Any and all categories will apply.

1. New repertoire that is appropriate for the practice of the CMP, and such repertoire will fit into one of the 5 patient conditions (Acute, Non-acute, Cognitively Impaired, Pain/Anxiety and/or Actively Dying):
